

Enhanced Care Management

Through Enhanced Care Management (ECM), each individual is connected with a dedicated care coordinator who partners with them to create a plan tailored to their unique goals and circumstances. What makes ECM at Casa de Amparo unique is our commitment to continuity and trust. Rather than being passed from one provider to another, each individual has one consistent care manager by their side—someone who checks in regularly, coordinates across systems, and ensures that care is responsive, trauma-informed, and person-driven.

Top 3 Reasons to Enroll in a Managed Care Plan

1

Housing Support

Assistance with locating, maintaining, and funding housing

2

Resource Navigation

Support connecting individuals with resources such as food, clothing, transportation, etc.

3

Care Coordination

Guidance and accompaniment through complex systems of care

Who is Eligible?
