

Honoring Casa de Amparo's
Front Line Staff

They say it takes a village to raise a child. At Casa de Amparo, our front line staff are always there for our children. They make sure our kids are safe, spend quality time with them, offer therapy sessions, a listening ear, or a shoulder to cry on.

The children and young adults that come to Casa de Amparo for treatment have been removed from their homes due to abuse or neglect. Their parents and support systems haven't been able to care for them the way each child deserves to be loved. It causes children an enormous amount of pain and trauma that takes years to overcome.

But this is where Casa de Amparo's front line staff step in. Our Residential Counselors are present 24/7 to provide for our youth living on campus. Our New Directions Advocates help our young adults fulfill their life dreams. Our Visitation Aides monitor vulnerable visits with children and their family members working to reunify. And our therapists work to minimize the effects of years of trauma.

During this unprecedented year, Casa de Amparo wanted to take the opportunity to honor our own front line heroes. We are proud of the sacrifice they are making for the children and young adults who need help the most. To our Residential Counselors, Therapists, Advocates, Nursing staff, Visitation Aides, Supervisors and Managers... THANK YOU from the bottom of our hearts for all that you do for our Casa Kids! We are so grateful and proud of all of you!
